

ALPHA ICEPACK S4[®]

Outstanding thermal insulation

Alpha AirTech[®]

Alpha AirTech[®] is an exclusive Dikamar[®] formula that combines technology with high-quality materials. The Alpha Airtech[®] polyurethane formula is made up of millions of tiny air bubbles that allow air to circulate easily between them. This formula makes the boots more durable, lighter and provides exceptional thermal insulation.

Keep your feet in action with Alpha AirTech[®]

CLEANING INSTRUCTIONS

- Avoid leaving the boot dirty for too long. Clean your boots after each use with water, using a soft brush and mild detergent.
- Rinse off any remaining dirt and detergent with water.
- Regularly clean and replace the insole (if used) to prevent bacterial growth. When replacing the insole, make sure it matches the original one.
- Let your boots dry naturally and in a well-ventilated area, away from direct heat or sunlight.
- Always remember that correct and consistent cleaning helps to extend the life of your boots.
