US- 3,5>13

AVAILABLE IN: S2

PACKAGING:  6 PAIRS PER BOX

CLEANING INSTRUCTIONS

- Clean your shoes regularly with suitable products;
- Do not use abrasive or corrosive cleaners;
- After each cleaning, dry the shoes at room temperature and in the shade. Using heat sources to speed up the drying process will damage the flexibility of the shoes and the quality of the materials;
- Shoes should be stored properly, preferably in a ventilated and dry space;
- Regular cleaning and replacement of the insole is also important to prevent the proliferation of bacteria. When replacing the insole, make sure you use the same one as the original.
